

Worldwide PDB at IUCr • August 22-30, 2011

Date	TUESDAY August 23	WEDNESDAY August 24	THURSDAY August 25	FRIDAY August 26	SATURDAY August 27	SUNDAY August 28	MONDAY August 29
Event							
Exhibit	Exhibit Booth #51 Visit the wwPDB in the exhibition hall for demonstrations, materials, and more.						
Poster	Poster: The wwPDB Common Tool for Deposition and Annotation			Poster: Protein Data Bank on the semantic web			
Oral Presentation				<i>Validation and error in protein structures</i> Gerard Kleywegt Keynote Lecture 16 Auditorium A Time: 9:00–9:50am			
Q&A Session				<i>Validation of small molecule and macromolecular X-ray structures. What are the differences and how can we learn from each other?</i> Swanand Gore, Marina Zhuravleva, Matthew Lightfoot MS 43: Validation, error detection and fraud prevention Auditorium A Time: 10:15am–12:50pm		<i>The wwPDB Working Format: A simplified application of CIF technology</i> John Westbrook MS89: Archiving, Exchange and Retrieval of Scientific Data in the 21st Century Room Londres Time: 10:15am–12:50pm	
				 Q&A Session Join an open discussion of issues important to you and the PDB. Room Paris Time: 1:40–2:40pm			
						<i>The wwPDB & future perspectives in sharing macromolecular structure data</i> Helen M. Berman MS 27: Developments and directions for crystallographic databases Room Londres Time: 3:00–5:35pm
